

# Walk in Wardrobes

Explore the Practical use of our Innovative Hardware Products

Couple Emma and Ben were the only team to retain the original floor plan for their main bedroom and walk-in wardrobe. Designed to feel warm yet contemporary, the rich burgundy cabinetry paired with light oak timber earned high praise from the judges.

The space itself is expansive, with a striking central bench reminiscent of a luxurious kitchen island. Every detail was considered, from the plum marble handles and dark chocolate timber interiors revealed upon opening, to the textured pendant light that adds a dramatic finishing touch. Seamlessly connected to the main ensuite, Emma and Ben's wardrobe exudes elegance at every turn — a design that secured them second place for the week.
