

The Kids Bedrooms

Explore the Practical use of our Innovative Hardware Products

Robby and Mat's ability to balance fun, functionality, and long-term practicality — creating children's spaces that felt both inviting and enduring.

Robby and Mat's first kids' bedroom was thoughtfully designed with younger children in mind, blending warmth, vibrancy, and practicality. A bold green wardrobe became the room's hero feature, adding personality and charm, while open shelving provided the perfect spot to display books, toys, and keepsakes.

In contrast, their second kids' bedroom embraced a softer, more timeless approach. A beige and neutral colour palette created a calming backdrop that could evolve seamlessly as a child grew older. The large built-in wardrobes maximised storage while maintaining a sleek, uncluttered look, giving the space longevity beyond the early years.
