

The Kids Bedrooms

Explore the Practical use of our Innovative Hardware Products

Sonny and Alicia's kids' bedrooms blended personality with style, pairing a bold blue equestrian-inspired space with a softer, light-filled retreat in pink tones.

Taking inspiration from their own children, Gold Coast couple Sonny and Alicia designed two distinctive kids' bedrooms that balanced personality with style. The first space was an all-blue room with a bold tartan wallpaper, tailored with a modern country and equestrian influence.

A gorgeous bedside table anchored the look, tying in beautifully with the "mid-century western" design direction and giving the room a unique character. The second bedroom offered a softer, more refined feel for a girl. A skylight filled the space with natural light, enhancing the pink palette and light timber finishes. A plush suede chair added a luxurious touch, creating a calm and comfortable retreat.
